

**Dr. Ljiljana Kaliterna Lipovčan** is Assistant Director of the Ivo Pilar Institute of Social Sciences in Zagreb and full professor of Organisational behaviour at University of Zagreb. She received her Ph.D. in psychology from the University of Zagreb in 1989. Her research interests include subjective indicators of quality of life, psychophysiology of work and psychological consequences of ageing. She led several national and international projects: 2007 – 2013 “Developing national indicators of Quality of Life”; 2002-2006 “Psychosocial indicators of Quality of Life”, 2008-2010 was a national coordinator of ESF-European Social Survey-Round 4. At the moment (2013-2014) she is leading the project on “3rd European Quality of Life Survey: Reports on trends of Quality of life in Croatia” by European Foundation for the Improvement of Living and Working Conditions - Dublin. Research is aimed at a comprehensive analysis of trends and changes in quality of life in Croatia based on EuroFound's data on quality of life surveys conducted in 2007 and 2012 on the representative samples of citizens.

She is a national representative at COST-ISCH Domain Committee (Individuals, Society, Culture & Health), 2004-2007 and 2011-2013 was a member of The National Scientific Council, and 2004-2007 president of the National Council for Social Sciences. In 2009 she received a Yearly Award for Science by Croatian Parliament & Ministry of Science, Education and Sport for co-authoring the book: *Quality of life in Croatia: Key findings from national research*. EuroFound 2007. Since 2012 she is a member of the Editorial Board of the *International Journal of Happiness and Development*, Inderscience Publishers, 1996-2001 was Editor in Chief of the *Journal for Social Issues* (Društvena istraživanja).

She published 84 scientific articles, participated at 48 international and 32 national conferences. Recent relevant publications include: *Age and gender differences in well-being in Croatia (2013)*. In: Eckerman, L. (ed.) *Gender, Lifespan and QOL: International Perspectives*. Dordrecht, The Netherlands: Springer (with J. Burušić); *Demands, resources, and work ability: A cross-national examination of health care workers (2013)*. *European Journal of Work and Organizational Psychology* 1 (with McGonale, Barnes-Farrell, Di Milia, Fischer, Hobbs, Iskra-Golec & Smith); *Affect specificity as indicators of national well-being: representative sample of Croatia (2011)*.
