INNOVATION CULTURE IN

Does Hofstede's Model Matter?

Bibliotheca STUDIES – Book 32
Institute of Social Sciences Ivo Pilar

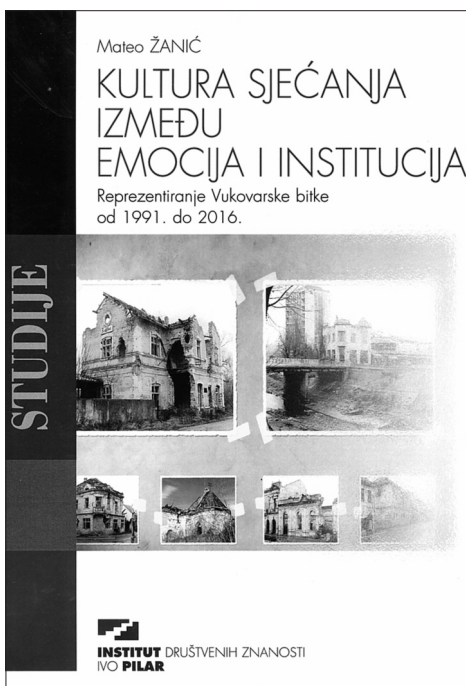

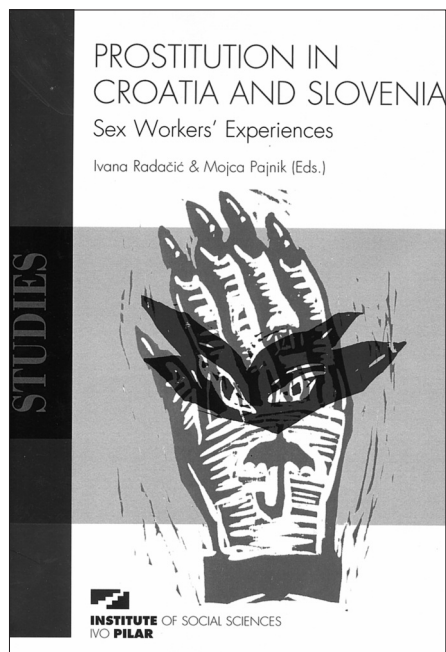

Zagreb, 2017, 236 pgs.

"While this book features among the
best-written texts in the national context of
Croatia, its strong critical stance towards
the reception and application of Hofstede's
model of national and regional culture can
hardly be matched on an international
scale." (Professor Vjieran Katunarić)

KULTURA SJEĆANJA IZMEĐU
EMOCIJA I INSTITUCIJA
Reprezentiranje Vukovarske bitke
od 1991. do 2016.
Biblioteka STUDIJE – Knjiga 35
Institut društvenih znanosti Ivo Pilar
Zagreb, 2017., 256 str.

"Predmet istraživanja u ovoj su knjizi sjećanje na Vukovar 91. i modusi reprezentacije. O srpskom razaranju Vukovara 1991. napisana je raznolika i brojna literatura, no malo je radova koji teže podvrgnuti strožijoj znanstvenoj analizi genezu samog procesa sjećanja te njezove unutrašnje transformacije. Po tomu se ova knjiga bitno razlikuje od množine drugih."

PROSTITUTION IN
CROATIA AND SLOVENIA
Sex Workers' Experiences

Bibliotheca STUDIES – Book 36
Institute of Social Sciences Ivo Pilar
The Peace Institute, Ljubljana
Zagreb, 2017, 196 pgs.

"Prostitution in Croatia and Slovenia is a must read for anyone wanting to learn about sex work in the Balkans. It is a much needed book in light of the marginal status of sex work research, and dearth of official data and studies of sex work in both these countries."
(Rosie Campbell)
